

# tuté's Virtual School timetable is changing

## KS3 and KS4

## From Monday 13 March

As a result of the challenges our partners are facing in organising high-quality alternative education provision, Tute is seeing exponential demand for its Virtual School.

To meet that demand, we have recruited more teachers and are making small changes to the timetable to ensure that we can continue to take referrals into groups of no more than 12 students.

Please scroll to learn more about the changes. Please note there are no changes to KS1 and KS2.

## Don't worry, it shouldn't cause disruption!

# Key stage

3

- Year 9 will follow a separate programme of learning
- The timeslots remain the same, but core subjects for Year 9s will move
- Year 7 and 8 timetable remains unchanged, they will be in mixed year groups
- Other subjects remain unchanged
- The new curriculum will better prepare Year 9 for GCSEs
- Longer-term enrolments will benefit from different content
- Behaviour may become more conducive to learning with a different focus
- Booking form has been amended (small change!) to reflect the change
